

Bricklayer

ANZSCO: 331111

Occupation Description

Bricklayers lay bricks, pre-cut stone and other types of building blocks in mortar to construct and repair walls, foundations, partitions, arches and other structures.

Their job involves:

- » studying plans and specifications to determine materials required, dimensions and installation procedures
- » erecting and dismantling restricted height scaffolding
- » sealing foundations with damp-resistant materials and spreading layers of mortar to serve as base and binder for blocks using trowels
- » laying bricks in rows, designs and shapes, and spreading mortar between joints
- » embedding blocks in mortar and removing excess mortar
- » checking vertical and horizontal alignment
- » cutting, shaping and polishing stones and bricks using machines and hand tools, and shaping bricks to fit irregular spaces
- » repairing and maintaining bricks, cement blocks and related structures.

How will I be assessed?

Stage 1: Documentary Evidence Assessment

We will review your documentary evidence to ensure it meets the employment and training requirements and indicates that you have the necessary skills, knowledge and experience as a Bricklayer.

Pathway 1 non-licensed trades will need to provide additional documentary, video and photo evidence with their Documentary Evidence Assessment application.

You can find more information about the employment and training requirements, and the documents required in the guides on our [website](#).

Stage 2: Technical Assessment

If you are successful in Stage 1, you will complete a technical interview with our assessor. The technical interview will be conducted in English, with no interpreters allowed.

For more information about the technical interview, see the Stage 2 Assessment Guide on our [website](#).
